

TOWN AND COUNTY.

The new canal is approaching completion.

Thanksgiving day next Thursday. Have your turkey ready.

Ground was broken for Irvine & Co.'s new building last Tuesday.

Read our telegraphic news in to-days paper. It is highly interesting.

Last Monday five freight teams came into town loaded with stock for our merchants.

Preaching in the school room, in the Garfield building, next Sunday at 11 a. m. and 7 p. m.

C. M. Clark's little "Blue bird" was moved across the street on Thursday last. It is next to Dall & Co's.

C. M. Clark purchased the lot adjoining John R. Dall & Co's this week for a snug little sum. Real estate is looking up in Phenix.

Our new job-printing office will be here in a short time. On its arrival we will be prepared to do as fine work in that line as any town in the territory.

Parties wishing firearms will do well to call on our well known and popular gun and locksmith, Mr. T. W. Parker, for they will save time and money.

Plastering of the church has commenced. We understand that the church building committee intend to push the work now until the edifice is completed.

The proprietors of the Pioneer bakery have recently, in connection with their coffee saloon and bakery, put in stock a fine assortment of candies and nuts.

Business throughout the entire week has been good in Phenix. The number of strangers arriving daily is quite large, and all looking for business locations.

Serephim Regatta, junior partner in the firm of Salari & Co., was quite severely injured by stepping into one of those nuisances, a "doby hole," on Wednesday night last.

The Tiptop Mining company shipped from this place, last Monday, twelve bars of bullion, valued at \$17,230, by Wells, Fargo & Co.'s express to San Francisco.

For sale at Goldberg's—Hardware, axes, hatchets, hammers, picks, shovels, knives, etc.

The United States Brewery is now supplying all the saloons in town, including the Phenix Brewery saloon. All orders left at the Phenix Brewery will receive prompt attention.

Tinware—Tin cups, tin and zinc buckets, canteens, frying pans, etc., at Goldberg's.

T. W. Parker sent an order for merchandise to San Francisco on the 31st of this month, and received the package on the 17th—just twelve days. This is what we call quick time.

Stationery—Note, letter, legal and foolscap, and bill paper; straw and manilla wrapping paper at Goldberg's.

One of the freight wagons which arrived this week, brought to our city a fine organ. We learn that it is intended for the use of the Union Sunday school about to be established.

Clothing—For men, youths' and children at Goldberg's.

Our farmers have now commenced slaughtering their hogs. We saw some ready to be dressed at Mr. Montgomery's which would have compared favorably with those raised in the corn valleys of the states.

Orders from the country receive prompt attention at Goldberg's.

Brick instead of adobe would be used in many instances if they were obtainable. We overheard a merchant, who is now building, state that he would use a large amount of brick and pay a liberal price for them if they could be got.

All kinds of produce bought and sold at Goldberg's.

People who do not walk about town are not aware of the number of buildings being erected. During a walk around one day this week, we noticed some eighteen in process of erection. And still people are coming in town every day looking for houses, and finally decide that they will build, for there are no houses to rent.

Does a bachelor ever blush? No one could any longer doubt it had they seen the effect an innocent remark, made by the dominie, had upon some persons at a boarding house in town, a few days ago. The roscote hues which came over their countenances would have done credit to a turkey gobbler contemplating the near approach of Thanksgiving day. (Pshaw), who would have thought it?

Call and examine the lot of nice goods as Goldberg's.

There will be a meeting for the purpose of organizing a Sunday school, on next Sunday, in the school house. It is to be hoped that all who have children will make it a point to be present, and all others who have an interest in and love for the moral development of the youth of our town are also urged to take an interest in the good work. It is to be organized upon a strictly union basis.

TROUBLE WITH INDIANS.

A Conference to be Held to Settle the Question.

Several sections of government land in Salt River valley, above Tempe, have recently been located by citizens of the territory. The land has been surveyed and the proper filings made. Some twelve days ago several parties who had located lands went up for the purpose of plowing and putting in a crop, when a number of Pima Indians, whose place is on the Gila reservation, where they properly belong, came on the land, and by force drove off the settlers. After communicating with the agent and other authorities, the settlers, on Wednesday last went again on the land and completed a resurvey. While this work was being consummated one of the party became separated from the rest, and was set upon by the Indians and compelled to seek safety in flight.

Mr. J. H. Stout, Indian agent for the Pimas and Maricopas, is now in Phenix, with a view of settling the difficulty between the whites and Indians.

Capt. Chaffee, commanding at Fort McDowell, is also here in connection with the same business.

A meeting of all parties interested was to have been held yesterday, but we have not yet learned the result of the conference.

PERSONAL.

J. T. Jerald of Miami mill, was in town yesterday.

Sheriff Mowry is expected home to-day or to-morrow.

E. J. Bennett, a friend of Deputy Sheriff Blankenship, is in town.

Rev. A. Groves expects to leave for his new field, Eastern Arizona, next week.

Chas. E. McClintock, of this paper, left last Sunday for Yuma. He will return early next week.

Superintendent Webber, of the Tiptop, and his clerk, E. G. O. Hopkins, spent last Sunday in town.

Mr. Partridge, an assayer, of the Globe, is in town, and expects to remain during the cool season.

Col. King S. Woolsey left on last Sunday for his ranch at Agua Caliente. He will be back in a few days.

C. D. Handy, who has been located for some time at Tiptop, is in town. He expects to leave soon for Guymas, Mexico.

Messrs L. B. Farish and C. P. Ware of Oakland, Cal., are looking around Phenix and vicinity, with a view to mercantile business, or a stock ranch.

Mrs. Ann Loosley, from Prescott, is here with the intention of opening a first class millinery and dressmaking establishment. She has rooms with Mrs. Gardiner for the present.

Literary Society.

The Maricopa Literary Society held its second meeting last Wednesday evening in the school house. While the attendance was not as large as could have been expected, yet there is encouragement for its future development. Three new members were added to its number. This is an institution that should receive the support of every man and woman in Phenix. We have hopes and other arrangements almost every week for the development of the physical, let us not forget that we have minds, the higher faculties of men, which also need development. Now while there is such a stir in the material interests of our community, let us also have something of which we can speak from a literary and intellectual point of view. To this end let all devote a small portion of his time and success is secured.

Notice to Creditors.

All persons knowing themselves indebted to me, are requested to settle the same forthwith, as I am greatly in need of money. I can be found at the wholesale liquor house of John Dall & Co. W. C. ROYCE.

LATEST TELEGRAMS.

GEN. SHERIDAN AND THE SECRETARY OF THE INTERIOR.

WASHINGTON, November 22.—The secretary of war has received and referred to Gen. Sheridan, a letter from the secretary of the interior sharply replying to certain statements made by Gen. Sheridan, in the latter's annual report. Secretary Schurz says these statements, as far as they reflect on the conduct of the Indian service, are sweeping and somewhat vague in their nature, but it must be assumed that Gen. Sheridan would not have made them and permitted them to become public had he not in his possession special information concerning certain agencies, and certain branches of the Indian service, to which these statements may be individually applied. He asks specific information on the subject, in view of the fact that certain military officers seem of late to have fallen into the habit of indulging officially and privately in general reflections on the Indian service, without taking the trouble to substantiate them with such statements in detail as would fairly elucidate the discovery and correction of the abuses. He does not deprecate criticism at all and rather invites it, but when it is officially put forth there is a certain fairness due from one branch of the public service to another.

THAT LETTER.

WASHINGTON, November 22.—The letter of Secretary Schurz, on Indian affairs, to the secretary of war, reached Gen. Sheridan after his publication. The document has been forwarded to Gen. Sheridan, with the request that he communicate such facts as he may be in possession of sustaining his assertions against the conduct of the Indian service.

GEN. HOWARD'S REPORT.

Gen. Howard, in his annual report, earnestly recommends that the United States, who served the government with fidelity, be rewarded, and that all who assisted the hostiles be sent to some remote place, whence they cannot easily return.

NEVADA NEWS.

VIRGINIA CITY, November 22.—The city is quiet and all excitement has abated.

Wadsworth have brought suit in the probate court to have a guardian appointed for Mrs. W. C. Ralston, whom it is claimed is incapable of taking care of her property or her children.

MONEY AND STOCKS.

SAN FRANCISCO, November 23.—The feeling in stock circles to-day is rather doubtful, operators seeming uncertain as to the future of the market, but on the whole the outlook seems more cheerful.

Legal tenders, 90% @ 100; Mexican dollars, 90% @ 91; trade dollars, 96% @ 97; half dollars, 98 @ 98 3/4. Silver King, 15; Tiptop, 1 3/5.

The Board of Supervisors of Maricopa county have been in session four days this week. The principal business transacted was the counting of the votes polled in the last election. The vote of Cave Creek and Reno precinct, which were thrown out owing to some informality in the returns, was afterward reconsidered, and the vote as returned by the judges of election adopted. Several bills were allowed.

Persons wishing to go duck or quail shooting will always find first class shot-guns for hire, in good order. Ammunition for sale.

T. W. PARKER, Gun and Locksmith.

We hear some little talk of there being a shooting tournament on Christmas, distances two and five hundred yards, for turkeys. It would, no doubt, prove highly interesting as there are some "crack shots" in town.
